- 20"L x 6"W x 25"H (50.8 cm x 15.2 cm x 63.5 cm)
- 5.0 lbs (2.3 kg) approximated

Product Specifications (overall external dimensions):

- 4.50"W x 18.00"H x 23.63"D (11.4 cm x 45.7 cm x 60.0 cm)
- 3.8 lbs (1.7 kg) approximated

### Mounting Instructions:

• Place on flat surface making sure all four rubber feet make contact.

# Care and Construction

## Material Characteristics

## Designed for Durable, Transparent Applications

Acrylic is a clear, impact and weatherresistant material consisting of methyl methacrylate polymers (PMMA). It is often used as a glass replacement due to its strength and transparency.

Clear optical characteristics mean the viewer can see the content, read text, and see true colors through the material.

## **Care and Cleaning**

Most cleaning chemicals do not weaken the surface or cause damage to the material. Suggested cleaning method is to use a soft cloth, warm water, and mild soap.

Do not place in direct sun.
