Specification

- Body
Steel, zinc plated, blue passivated finish **ST**
- Pin
Brass, nickel plated
- Washer
Brass, nickel plated
- **RoHS compliant**

Information

GN 129.3 hinges are used for doors that are flush with the frame on the outside and cannot be removed when assembled.

These hinges are mounted with DIN 912 socket cap screws. This allows any wall thicknesses on the housing or door to be realized via existing threads or through holes.
