

Series WFLTV-DM-6011 Level Control Specifications

- Technology Type : Conductivity
- Voltage 50/60CY : 110VAC
- Available Voltages : 24, 110, 220, 440VAC
- Switch Amperes : 10 Amps / 110VAC
- Variable Sensitivity : Single turn pots 0-100K
- Din-Rail Mounting
- Three isolated 1PDT Relays for 3 single on / off switches OR 1 filling / emptying operation with 2 on / off switches OR 3 filling / emptying operations in the same or separate tanks
- Certified / Approved : cULus-353, CSA, 3A
- Intrinsically safe sensing signal
