IC Solution	AB1562A																																																														
Operating Mode	Touch Function																																																														
Bluetooth Ver. No	V5.2																																																														
Transmission Frequency	2.4G~2.48G																																																														
Bluetooth Profile	HSP, HFP, A2DP, AVRCP																																																														
Audio Codec	AAC, SBC																																																														
Transmission Power	CLASS 2																																																														
Wireless Range	≥10m																																																														
Power voltage	3.0~4.2V																																																														
Charging Voltage	5V																																																														
Charging Current	90mA																																																														
BT Music Current	6mA																																																														
BT Call Working Current	9mA																																																														
Standby Time	55H																																																														
Talk Time	Approx. 8H																																																														
BT Music Play Time	Approx. 13H																																																														
BT Music off+ ANC on	16H																																																														
BT Music on+ ANC on	10H																																																														
Charging Time	1H, 10-minute charge of earbuds in the wireless charging case delivers up to 2 hours of listening time and up to 1 hour of talk time																																																														
Battery in headphone	85mAh Quick Charge Polymer Lithium Battery																																																														
Speaker	10mm dynamic woofer + Knowles balanced armature tweeter																																																														
Sound pressure level (Sensitivity)	103 ± 3dB At 1kHz 1mWIEC711																																																														
ANC performance	Up to 40 dB																																																														
Weight	8g*2 for earbuds																																																														
Battery in case	500mAh Polymer Lithium Battery																																																														
Charging Time	1.5-2H																																																														
Charging Port	Type-C																																																														
Weight	45g																																																														
Size	69mm x 29mm x 42mm																																																														
Number of times the headset can be charged	3 times
