

Botron B6735R Technical Data Sheet

Overview:

Bright yellow self adhesive labels with bold black print. Pressure sensitive labels are designed to call immediate attention to items that are susceptible to damage from ESD. The permanent adhesive labels are designed for use on packages, containers and anywhere a permanent warning is required. Labels are coated with varnish for added durability.

- Per S20.20 ESDS assemblies should have ESD susceptibility symbols visible.

Product Notes and Features

- Bold print
- Printed JEDC Symbol
- Scuff Resistant
- High Water Resistance
