## International Grounded Adaptor Plugs 298G Series

## Features

- For use with our 171, 172, 175, 176, 179, 289 & 298 transformers.
- Heavy duty design with plastic shell & double wipe contacts.
- Indoor use only.
- Allows for ground connection between equipment and international power sources.
- With a set of all 4 adaptors, they will accept equipment with plugs from virtually every country except South Africa!
- Adaptors do not affect voltages, they are a mechanical device only to match foreign "pin-outs" of receptacles and/or plugs.
