TRIPP-LITE

2kW 100-127V Single-Phase Basic PDU - 36 NEMA 5-15/20R Outlets, L5-20P Input (5-20P Adapter), 15 ft. Cord, 72 in. 0U Rack

MODEL NUMBER: PDUV20-72

Delivers 120V single-phase AC power to multiple loads from a utility outlet, generator or UPS system in a data center or network closet.

Features

Single-Phase 100-127V PDU Distributes Network-Grade Power to Multiple Loads

This basic PDU is an ideal no-frills unit for networking, telecom, security, audio/video and sound reinforcement applications. Recommended for small to mid-sized data centers, computer rooms and network closets, the PDUV20-72 features 36 NEMA 5-15/20R outlets for connecting equipment. A 15-foot cord with L5-20P input plug (and included 5-20P adapter) connects to your facility's AC power source, generator or protected UPS system to distribute power to connected loads.

Up-to-Date Safety Features Protect Your Vital Equipment

A lighted on/off switch is protected by a transparent plastic cover to help prevent an accidental shutdown that could lead to costly downtime. A 20A circuit breaker protects connected components from dangerous overloads.

Versatile Installation Options Give You Plenty of Choices

The 72-inch 0U PDU mounts vertically in an EIA-standard 19-inch rack using the included toolless mounting buttons or the included mounting clips and hardware. You may also use the clips to secure the PDU to a wall, counter or other flat, secure surface. Bolt-down retention brackets keep power cords organized and your rack free of clutter.

Specifications

OVERVIEW		
UPC Code	037332255822	
PDU Type	Basic	
INPUT		

Highlights

- Ideal no-frills PDU for telecom, security, audio/video and other network applications
- 36 NEMA 5-15/20R outlets distribute AC power to connected equipment
- Lighted power switch with protective cover helps prevent accidental shutdowns
- 15 ft. cord with L5-20P input (and 5-20P adapter) connects to AC power source
- 72 in. 0U PDU with included mounting brackets installs in rack or under counter

Applications

Deliver network-grade power to high-density equipment in networking, telecom, security, audio/video and sound reinforcement applications

Package Includes

- PDUV20-72 1.9kW 100-127V Single-Phase Basic PDU
- L5-20P to 5-20P input plug adapter
- Plug retention brackets with installation hardware
- Rack-mounting hardware
- Owner's manual
