SIEMENS

Data sheet US2:CLM0E04480

Mechanically held lighting contactor, Contactor amp rating 100A, 0 N.C. / 4 N.O. poles, 440VAC 50HZ/480VAC 60HZ coil, Non-combination type, Enclosure NEMA type (open), No enclosure

Figure similar

product brand name	Class CLM
design of the product	Magnetically latched lighting contactor
special product feature	Energy efficient; Quiet operation
General technical data	
weight [lb]	8 lb
Height x Width x Depth [in]	7.51 × 6.86 × 6.98 in
touch protection against electrical shock	Not finger-safe
installation altitude [ft] at height above sea level maximum	6560 ft
country of origin	USA
Contactor	
size of contactor	100 Amp
number of NO contacts for main contacts	4
number of NC contacts for main contacts	0
operating voltage for main current circuit at AC at 60 Hz maximum	600 V
mechanical service life (switching cycles) of the main contacts typical	5000000
contact rating of the main contacts of lighting contactor	
 at tungsten (1 pole per 1 phase) rated value 	100A @277V 1p 1ph
 at tungsten (2 poles per 1 phase) rated value 	100A @480V 2p 1ph
 at tungsten (3 poles per 3 phases) rated value 	100A @480V 3p 3ph
 at ballast (1 pole per 1 phase) rated value 	100A @347V 1p 1ph
 at ballast (2 poles per 1 phase) rated value 	100A @600V 2p 1ph
 at ballast (3 poles per 3 phases) rated value 	100A @600V 3p 3ph
 at resistive load (1 pole per 1 phase) rated value 	100A @347V 1p 1ph
 at resistive load (2 poles per 1 phase) rated value 	100A @600V 2p 1ph
 at resistive load (3 poles per 3 phases) rated value 	100A @600V 3p 3ph
Auxiliary contact	
number of NC contacts for auxiliary contacts	0
number of NO contacts for auxiliary contacts	0
number of total auxiliary contacts maximum	4
contact rating of auxiliary contacts of contactor according to UL	NA
Coil	
type of voltage of the control supply voltage	AC
control supply voltage	
 at AC at 50 Hz rated value 	440 V
at AC at 60 Hz rated value	480 V
apparent pick-up power of magnet coil at AC	1300 VA

apparent notion power or magnet coil at AU. of magnet coil functionary degree of protection NEMA rating of the enclosure degree of protection NEMA rating of the enclosure degree of protection NEMA rating of the enclosure Open device (no enclosure) NA Mounting/wiring Mounting position Vertical Surface mounting and installation type of electrical connection for supply voltage line-side at AWG cables single or multi-stranded tightening torque [lbf-in] for supply ype of electrical conductor for supply maximum permissible material of the conductor for supply type of electrical connection for load-side outgoing feeder tightening torque [lbf-in] for load-side outgoing feeder maximum permissible temperature of the conductor for supply type of electrical connection for load-side outgoing feeder tightening torque [lbf-in] for load-side outgoing feeder maximum permissible temperature of the conductor for load-side outgoing feeder maximum permissible temperature of the conductor for load-side outgoing feeder material of the conductor for load-side outgoing feeder material of the conductor for load-side outgoing feeder material of the conductor of magnet coil type of electrical connection of magnet coil type of the short-circuit protection of the material of the conductor at magnet coil maximum permissible material of the conductor at magnet coil maximum permissible material of the conductor at magnet coil maximum permissible material of the conductor at magnet coil maximum permissible material of the conductor at magnet coil Thermal magnetic circuit breaker Thermal magnetic circuit breaker Thermal magnetic circuit		400.1/4
