

## HVAC WATER HEATER ELEMENTS AND REPAIR KITS

Straight "Hairpin" Style

- ▶ Replacements for most-common AO Smith/Apcon units
- ▶ Simplifies electric water heater diagnostics and repair
- ▶ UL listed components
- ▶ All gaskets and instructions included

### Specifications:

- 240 VAC
- 4500 Watts

Foldback Style

Heavy-duty foldback style\*

\* Resists dry firing, lime deposits, and sand that could cause burn-out to ordinary elements. Best when water has high mineral context. Minimum tank diameter 15"
