# Toolless 45-Degree Up/Down Ramp Kit for Fiber Routing System, 120 mm (5 in.)

MODEL NUMBER: SRFC5RAMP

120 mm ramps raise or lower the level of a straight horizontal run in your fiber management system.

Features

High-Impact PVC Ramps Help You Create Custom Fiber Cable Routing Schemes

The SmartRack® SRFC5RAMP connects to straight channel sections or other fittings in your fiber routing system to raise or lower it to a different level. Two of Tripp Lite's SRFC5CPL5 couplers (sold separately) are required to complete your installation. Made from durable, lightweight PVC material, these ramps connect to each other using the included hardware to help keep your fiber optic cable bundles neat and organized. Screws tighten by hand with no tools required to complete a professional, finished look in your data center, network closet or industrial space.

Highlights

- Allows you flexibility in creating your custom fiber optic cable routing system
- Constructed from durable but lightweight PVC plastic
- Easy to install with your fiber routing system with no tools needed
- Requires 2 Tripp Lite SRFC5CPL5 couplers (sold separately)

Applications

- Create a fiber routing system along the wall or ceiling of your data center or network closet or across the tops of the rack enclosures

System Requirements

- 2 x SRFC5CPL5 couplers (sold separately)

Package Includes

- Down elbow, 45°
- Up elbow, 45°
- Coupler
- (8) Shank screws
- Installation guide
