FIBER MICROSCOPE 200X/400X DIGITAL PROBE

FEATURES:

- Automated pass/fail analysis for fiber inspection and test : eliminates subjective guesswork from the measurement process
- User selectable acceptance profile: allow certification to any acceptance criteria
- Includes FiberCheckPRO software: analysis and reporting with PC/laptop
- Automatic fiber-image centering : ensures the fiber is always on the center of the screen
- Dual magnification: (200X and 400X) functionality provides high level and detailed inspection and analysis
- Ergonomic Focus Control Wheel: enables user to optimize the focus quality with precision and ease
- Handy design with USB port

NOTES:

Tips, barrels and the fiber microscope 200x/400x digital probe with handheld display (**F780 899 000**) can be ordered separately.
