

CODEGRIP for Kinetis over USB-C

PID: MIKROE-5280

CODEGRIP for Kinetis is a fast USB-C programmer and hardware debugger. It supports NXP's popular ARM Cortex-M0/M4/M7 Kinetis microcontrollers.

Mikroe produces entire development toolchains for all major microcontroller architectures.

Committed to excellency, we are dedicated to helping engineers bring the project development up to speed and achieve outstanding results.

ISO 27001: 2013 certification of informational security management system.
ISO 14001: 2015 certification of environmental management system.
OHSAS 18001: 2008 certification of occupational health and safety management system.

ISO 9001: 2015 certification of quality management system (QMS).

Specifications

Type	CODEGRIP
Architecture	ARM (32-bit)
Interface	USB
Silicon Vendor	NXP

Mikroe produces entire development toolchains for all major microcontroller architectures.
