

- Combines the routing ease of discrete wire round cable with the mass termination capabilities of a ribbon cable
- Split conductor sections allow for easy routing
- One inch bonded cable sections of 28 AWG wire on .050 inch centers permit termination to our broad line of IDC connectors
- Zippable for branching or discrete termination
- Split-bond lengths can be varied, see Note 2 in Ordering Information
- See Regulatory Information Appendix (RIA) for chemical compliance information (RIA E1 \& C1 apply)
