## TRIPP-LITE

1000 Eaton Boulevard Cleveland, OH 44122 United States

### DIN Rail-Mounting Bracket for Digital Signage, Version 2 - 65 mm Mounting Distance

#### MODEL NUMBER: B110-DIN-02

DIN rail bracket securely mounts select Tripp Lite extenders and other digital signage devices to a standard 35 mm DIN rail.

#### Features

**DIN Mounting Bracket Ideal for Attaching Your Digital Signage Components to a DIN Rail**This black aluminum DIN bracket is designed for securely mounting splitters, extenders and other select Tripp Lite digital signage devices to any standard 35 mm DIN rail. Consisting of a durable U bracket and rail clip, the B110-DIN-02 firmly attaches to both lips of the DIN rail to prevent your mounted equipment from being jostled and connected cables from coming loose. It's an ideal accessory for setting up a digital signage system in restaurants, offices, banks, hotels, schools, doctor's offices and a wide range of retail establishments.

**Simple Mounting Process Takes Just a Few Minutes**Just use the included screws to attach the aluminum U bracket to the compatible Tripp Lite device. Attach the aluminum rail clip to the bracket, and securely mount the unit on a 35 mm DIN rail, making sure the spring goes over the rail's top lip.

**Compatible with a Wide Range of Tripp Lite Digital Signage Devices** This DIN rail-mounting bracket attaches to Tripp Lite units with mounting holes spaced 65 millimeters apart. Select equipment includes the B126-Series, B130-Series, B132-Series and BHDBT-Series of transmitters, receivers and extenders.

Lifetime WarrantyThe B110-DIN-02 is backed by a lifetime warranty, ensuring reliability and performance.

### **Specifications**

OVERVIEW
