

High Surge type multilayer Chip Varistor for Surge Current Suppression-SDVL-HS Series

Operating Temp. : -55°C~+125°C

FEATURES

- SMD type, small size suitable for high density mounting
- High surge and strong capability of voltage surge suppression
- Excellent solderability (Ni, Sn plating)

APPLICATIONS

- Lightning protection and voltage surge suppression for Power supply, Network Interface, LED lighting.
- Lightning protection and voltage surge suppression for security system, base station.
- Industrial instrument, smart meters, etc.

Lightning protection and voltage surge suppression for Power supply, Network Interface, LED lighting.

- Lightning protection and voltage surge suppression for security system, base station.
- Industrial instrument, smart meters, etc.
