## Power-on-Cable (PoC)

## MODEL NUMBER: 0SU60020

## Description

## Completing the ООB Remote Support package

## Maximizing power efficiency

## Highlights

- Seamless integration with PX and IP Control remote access units
- Modular design allows expandability
- 90-260 VAC / 44-66 Hz international coverage
- Current consumption up to 10 A
- Flexible power redundancy
- Unique design \& OU footprint
- Easy 3rd party integration with open standard protocol
- Galvanic Separation - no physical connection between management and power device
- Compliant with the Federal Trade Agreements Act (TAA) for GSA Schedule purchases

## System Requirements

- KVM

## Package Includes

- For use with PX (Model \#0SU70028) and IP Control (Model \#0SU70017) remote access units

## Unique "power cord" design

## Features

- Seamless integration with KVM and IP devices
- Modular design allows expandability
- 90-260 VAC / 44-66 Hz international coverage
- Current consumption up to 10A
- Flexible power redundancy
- Unique design \& OU footprint
- Easy 3rd party integration with open standard protocol
- Galvanic Separation - no physical connection between management and power device
- Compliant with the Federal Trade Agreements Act (TAA) for GSA Schedule purchases
