## Proximity sensor SMT-8M-A-PO-24V-E-7,5-OE Part number: 574340

**FESTO** 

## **Data sheet**

| Feature  | Value  |
|--|--|
| Design   | for T-slot   |
| Based on norm                                  | EN 60947-5-2   |
| Symbol   | 00991151   |
| Certification                                  | RCM compliance mark<br>c UL us - Listed (OL)                           |
| CE marking (see declaration of conformity)     | As per EU EMC directive<br>As per EU RoHS directive                    |
| UKCA marking (see declaration of conformity)   | To UK instructions for EMC<br>To UK RoHS instructions                  |
| KC characters                                  | KC EMC   |
| Certificate issuing authority                  | UL E232949   |
| Special features                               | Oil-resistant  |
| Note on materials                              | RoHS-compliant<br>Halogen-free   |
| Application note                               | Support / actuator-sensor overview "The right sensor for the actuator" |
| Measured variable                              | Position   |
| Measuring principle                            | Magneto-resistive  |
| Ambient temperature                            | -40 °C 85 °C   |
| Repetition accuracy                            | 0.2 mm   |
| Switching output                               | PNP  |
| Switching element function                     | N/C contact  |
| On time  | ≤1.3 ms  |
| Switch-off time                                | ≤7.3 ms  |
| Max. switching frequency                       | 130 Hz   |
| Max. output current                            | 100 mA   |
| Max. output current in mounting kits           | 100 mA   |
| Max. switching capacity DC                     | 2.8 W  |
| Max. switching capacity DC in mounting kits    | 2.8 W  |
| Voltage drop                                   | <1.5 V   |
| Short-circuit protection                       | yes  |
| Overload protection                            | Available  |
| Rated operating voltage DC                     | 24 V   |
| DC operating voltage range                     | 5 V 30 V   |
| Reverse polarity protection                    | for all electrical connections   |
| Electrical connection 1, connection type       | Cable  |
| Electrical connection 1, connection technology | Open end   |
| Electrical connection 1, number of pins/wires  | 3  |

| Feature  | Value  |
|--|--|
| Connection outlet orientation                        | Longitudinal   |
| Connector cable test conditions                      | Flexural strength: as per Festo standard Test conditions on request Energy chain > 5 million cycles, bending radius 28 mm Torsional resistance: > 300 000 cycles, ±270°/0.1 m  |
| Cable length   | 7.5 m  |
| Cable characteristic                                 | Suitability for energy chains/robot applications   |
| Color cable sheath                                   | Gray   |
| Material of cable sheath                             | TPE-U(PUR)   |
| Type of mounting                                     | Screwed tightly Can be inserted in slot from above   |
| Max. tightening torque                               | 0.6 Nm   |
| Mounting position                                    | Any  |
| Product weight                                       | 85.1 g   |
| Housing colour                                       | Black  |
| Housing material                                     | PA-reinforced<br>High-alloy stainless steel  |
| Switching status indication                          | LED yellow   |
| Function reserve indication                          | LED orange   |
| Ambient temperature with flexible cable installation | -20 °C 85 °C   |
| Degree of protection                                 | IP65<br>IP68<br>IP69K  |
| LABS (PWIS) conformity                               | VDMA24364-B2-L   |
| Suitability for the production of Li-ion batteries   | Metals with more than 1% copper, zinc or nickel by mass are excluded from use. Exceptions are nickel in steel, chemically nickel-plated surfaces, printed circuit boards, cables, electrical plug connectors and coils |
| Cleanroom class                                      | Class 4 according to ISO 14644-1   |
