

COLD WEATHER CABLE TIES

COLD WEATHER CABLE TIES

Enhanced Flexibility and Strength for Severe Cold Temperature Installations and Applications

- Specially formulated material to withstand long periods of exposure to sub-zero temperatures before installation
- Prevent downtime replacing ties from cracking or breaking from extreme cold temperatures
- Increased flexibility and toughness
- Impact resistant and UV weatherable
- UL approved for installation performance at -20°C / -4°F and application temperatures of -40°C / -40°F
