

3W RGB Digital LED Module

Product Description

This is a super bright RGB LED mounted on a Aluminum board backside without a 3M stick ,suggested to install on any plate for heat dissipation, 2 pcs M3 mounting hole on each corner WS2811 control ,it's working with any SPI controller or a DMX decoder

constant voltage working, there are 3 pads on each side of board do not confuse the Data in and Data out each module contains a pair of JST connector and packed by An-ti static bag

Product Datasheet

Product Number	P032001MA3SF
Light Source	Imitation lumen lamp beads
Beam Angle	140°
Emitting Color	RGB
Lumens/M	R: 10lm G: 33lm B: 5lm
Control	WS 2811
PCB color	Black
Operating Voltage	DC5V
Power (W)	3W/pcs
Size (mm)	32*25
IP	IP 20
Operation Temperature	- 40 ~ 50 °C

Application

Hotels ,restaurants, nights clubs, edge light

Recreational machines, playstation

Living rooms, coffee / wine bars, back lighting

TV, dancefloor background, shopping malls,

Outline Dimension (unit:mm)
